FROM : EA/DDCI

The DDCI has the following suggestions for the 8 September PFIAB session:

-- We should have an escort to pick the members up at EOB and herd them to the right places.

-- John would like a little more specifics on the mechanics of the tour portion--see his comments on the attached.

-- The agenda for the 10:00 to 11:30 session should consist of two items:

1) An intelligence update by the DCI, as is his custom.

2) A briefing by John Stein or Clair George giving the "state of the union" of our HUMINT collection and CA programs. This should include a general idea of our stepped-up CA program, the operational environment we now find ourselves operating in, some examples of our newer techniques. [REDACTED]
